# BRYANT

In 1863, Bryant and Stratton National Business College was founded in Providence, Rhode Island. Located in what is now Brown University's campus, which provided local area students a business education. Some of the courses included, bookkeeping, business law, and commercial arithmetic. By the early 1970s enrollment continued to grow and it soon became evident the college would need to relocate. The administration soon found a site in Smithfield going up for sale. The college approached the owner of the land, Earl Tupper, president of the Tupperware Corporation. Inspired by the dedication and commitment of the college to its students, Mr. Tupper donated 220 acres to the school. On September 20, 1971, classes commenced at the new Bryant College campus and students moved into the new residence halls erected on campus.

That same year, the Archway, formally used as the entrance to South Hall on the East Side campus in Providence, was moved to the new campus in Smithfield. Tradition dictates that to pass through the Archway before graduation will result in bad luck for that student.

# SCENES

On Commencement day, graduating students walk through the archway for the very first time.

In 1974, townhouse village was built on campus when the student population exceeded the capacity of the residence halls. Senior apartments were then added to the campus in 1990. Today both of these offer housing for many upperclassmen.

In 1976, to honor the generous donation of Sol Koffler, founder of American Tourister, Bryant dedicated its new student union as the Koffler Center. In 1986, the Koffler Center was redesigned and became the Koffler Technology Center, housing over 140 state-of-the-art computers. The reason for the redesign came with the construction of the Bryant Center. A new larger student union, designed in part to cater to the increasing size of the campus population. It is the home to clubs, Pizza Hut, Subway, and South Dining Hall to name a few.

Today Bryant College currently resides on 392 acres of land. With our ever expanding campus, Bryant is continuously keeping up with technology and providing its students with the most state-of-the-art facilities to foster Bryant's mission to pursue a life in business.

## BRYANT

Since, each student has a different experience on campus, so it is hard to describe their feelings about Bryant College. Some college students feel Bryant is a very close knit community, like an episode of "Cheers," where everybody knows your name. Others see our college as very diverse. Whatever their overall feelings towards Bryant, students can find something positive to do here on campus. Whether through sports, Greek life or

## EXPERIENCE

other activities everyone can find a place to express themselves. The new buildings also raise students' positive feelings towards Bryant. Especially The Wellness Center, which is one of the most popular places on campus. But the biggest reason that students come is to receive the *Priceless* education that can be obtained at Bryant College.

# WELLNESS CENTER

The Wellness Center opened its doors on January 25, 2002. The brand-new state of the art facility has a 9000-square foot fitness center, which includes an aerobics and martial arts studio, free weights, treadmills, and various exercise machines modeled after health clubs. Within the confines of the aerobics and martial arts studio, they offer classes in different aerobic areas; classes such as Spinning, Cardio-Kickboxing, Latin Dance, and Tai Chi Ch'aun are available for students, faculty and staff. Also offered within the Wellness Center are personal training programs for individuals or groups who wish to have a structured lesson with a health professional. In addition there is a six-lane, 25-yard swimming pool. The Wellness Center offers a little something for every fitness enthusiast and will ensure opportunities for Bryant students to improve their physical conditioning.

*Left: A number of students, along with President Machtley, taking the first plunge into The Wellness Centers pool.*

*Far left center: Machtley announced his enthusiasm about the completion of the expansion of our fitness center.*

*Left upper corner: All the students who participated in the opening ceremony had a great time swimming for prizes.*

# 2001-2002 YEAR IN

The Fall semester of 2001 and the Spring semester of 2002 has brought a wide assortment of events, many of which have tested the nation's beliefs. It has been a long time since America was put to the test, and with no surprise the US came out on top. In the wake of tragedy, Americans and Internationals alike, were able to stand together and not be driven apart by those forces that wish us to fail. Our strength has never been tested as much as it was on September 11, in the wake of four horrible airline hijackings. Not only were the twin towers in New York, and part of the Pentagon lost, but we also lost thousands of lives. Still with this we were able to hold strong and succeed, and as a campus we pulled together and showed our support by having our own candle light vigil for those lost.

Even with the heartache caused by the September 11 tragedies, Bryant College was able to pull together and move on with life. As a campus we shared in a memorable homecoming. The bonfire on the pond and the fireworks over the unistucture drew a majority of the campus, and all listened and cheered as President Machtley gave words of encouragement to the many successful sports teams.. The festival of lights also brought the campus together, and the chaos of class was put aside, in order to share in song and the holiday beliefs of all nationalities.

Bryant again came together in a different form, on February 3, 2002, when the New England Patriots won the Super Bowl XXXVI championship. Never before had New England achieved this great honor, and what better year to have the red, white, and blue colors stride the New Orleans field in pride. How can any of us forget the large number of students showing their happiness and pride by plunging themselves into the ice covered pond. With the year coming to a close no event was more awaited than Spring Weekend. An entire weekend, devoted to fun and enjoyment. The difficulties of tests, group projects, and papers, all put on hold in order to relax and spend some time with friends.

Bryant students expressed their patriotism through candle light vigils and by displaying American flags. While the events of this year have been emotional, students still lived their lives to the fullest. They went to concerts (*below right*), and celebrated Homecoming as in past years (*lower left corner*).

# REVIEW

# RECRUITMENT COSTS:

With over sixty clubs and organizations on campus, Bryant College gives students the opportunity to go beyond academic excellence. The array of clubs and organizations enables students to gain experience and excel in all areas. Not only does our clubs provide opportunities, but they enhance the community here at Bryant. While the business students try to help with future career plans, other groups, such as SPB and sports' students' support interests outside the classroom. Although there are diverse clubs focusing on different goals, all clubs promote leadership and teamwork and most importantly having fun. Along with achievements and arising opportunities, comes determination and dedication. Our Hockey team found this out when they won the North East Collegiate Hockey Association Playoffs this year. No matter which organization one belongs to, they all enhance college life on an individual and social level.

The Student Programming Board is responsible for the majority of the social programming on the Bryant campus. SPB programs on Tuesday, Wednesday, Thursday nights and weekends. Events consist of bingos, bands, comedians, coffee houses and trips, to name a few.

They also plan and coordinate larger events, which include major weekends such as Welcome, Halloween, and Winter Weekend. One of the major events that occurs on Winter Weekend is the Winter Formal, held in past years in the town of Newport. However, the largest and arguably most significant weekend of all is Spring Weekend.

The Student Senate is the official representative body of Bryant College Students. We present to college officials all requests, opinions, complaints, and grievances of the student body in order to promote the best interest of the students. We are also responsible for the allocation of the student activities fee among recognized clubs and organizations. The Senate's many leaders are involved in other clubs and organizations and are always working to make the Bryant community a better place for everyone.

Bryant Cheerleaders cheer at all home football and basketball games. They perform original half-time routines at each game, with a mixture of dancing, cheering, stunting, and tumbling. Bryant Cheerleaders also attend yearly competition and host high school and pop-warner competitions. Not only does this enthusiastic group provide motivation and encouragement for Bryant's teams, they also raise the community's spirit and spread cheer around the campus.

The Bryant men's ice hockey team finished their regular season with a record of 16-4 with a 10-0 conference record giving the team the Western Conference Championship and placing them as the number 1 seed in the NorthEast Collegiate Hockey Association Playoffs.

In the quarter finals, Bryant beat archrival Bridgewater State by a score of 4-3, sending the Bulldogs to the Final Four Championship. At the weekend long tourney in New Hampshire, the Bulldogs faced off against Franklin Pierce College, and won in overtime with a 6-5 victory. They played the last game of their season against MIT. In that game Bryant dominated, and won a 3-1 victory, and their first NE.C.H.A. championship title.

# FIRST SET OF COLORS:

There are six fraternities and three sororities at Bryant College this year. These organizations give a lot to the school and its students. The friendships forged at Bryant made by the members of greek life are *Priceless*. Not only do they have formals and along with other types of social gatherings throughout the year, but they also come together as chapters to raise money for charities and other foundations such as the National Kidney Foundation, Memorial, the Robbie Page Childrens Heart Association, and the Dire Emergency Relief Fund. While raising money is hard work it is only one part of what Greek life does. On top of all this, what these chapters actually offer to every member of Greek life, are memories that will last a life time. Through Greek Life the bonds of sisterhood and brotherhood are formed and will never be broken.

# MEMBERSHIP RECRUITMENT

Membership Recruitment is a formal recruitment period for girls interested in joining a sorority. The recruitment activities last a week long and commence with a formal bid ceremony. During the recruitment period girls meet with others and are guided by the Rho Chi's. The Rho Chi's disaffiliate from their respective chapters in the fall to be a source of guidance to the new women through the recruitment period.

Bryant is a student centered college whose Faculty, Staff, and Administration are all dedicated to facilitating the learning experience. With over 130 Full-Time faculty members, most of which having extensive real world experience, the classroom serves more as a lab for the real world than a traditional class. There are over fifty college departments which work together to help the college run, and are an integral part of the Bryant experience. All in all, the value of a Bryant Education is directly derived from the commitment and dedication of the Faculty, Staff workers, and Administration.

There are eight traditional business majors at Bryant, they include Accounting, Information Systems, Math, Actuarial, Computer Systems, Finance, Financial Mgnt, and Services, Marketing. There is also the option of a Liberal Arts major, which includes: Economics, English, History, and International Studies. In recent years, Bryant has also added several new majors; Information Technology, Applied Psychology, and Communication are all new to the curriculum. All of this is made possible by the dedication of the Faculty, Staff, and Administration at Bryant; the backbone of the educational process. These people are the driving forces behind the success of Bryant graduates for the last 139 years, since the school's inception in Providence, RI.

# MORNING...\$1

The Bryant Faculty Staff and Administration are all avid participants in Student Life at Bryant, and contribute to the rich and diverse community.

# UNLIMITED MEALS AT SAL

The years at Bryant College so far have been filled with many wonderful times. Being involved in club life, like SPB, Senate, Yearbook, and Hillel, or just hanging out with friends has been excellent.

Every fall, there would be an SPB retreat at Camp Woodstock in Connecticut. Getting away from campus for a weekend and sharing playing card or board games, watching movies that have been seen hundreds of times. Setting up for either the Homecoming or Spring Weekend concert was also fun when the day consisted of putting up staging from 9AM and then taking it down until 2AM the next day. SPB is always a good time for everyone.

If there wasn't any club activities going on around campus, there was always hanging out in the residence halls. Watching television or playing video games were always great ways of killing time with friends when there was supposed to be a paper due the next day.

*Right top:* Megan Greco, Shannon Noonan, Melinda Pollard, and Matt Nelhuebel walk back to their buildings after a day of classes.

# LIFE & TIMES AS A FRESHMAN

## A WHOLE NEW EXCITING WORLD

The first few weeks were probably the hardest of the entire year. Moving into new surroundings and leaving home for the first time seemed the hardest for most freshmen.

Once the new students on campus got to learn where everything was, and became fast friends with their neighbors or people in their classes, college became much easier.

Freshman seminar proved to be the toughest class for many students. Since all freshman had to take the same exact class, there was no sympathy for each other when the reading assignments came rolling in with long essays to follow. Most professors set rigorous standards that would be tough for some, not experienced in the college class.

The complete opposite of freshman seminar was PPS or personal productivity software which included how to use computer programs like Microsoft Windows, Word, and Excel. This class was an absolute breeze for

many students that already had similar classes in their high schools. The only regrets about PPS was that the class couldn't boost a student's GPA since it was just a pass/fail class.

There were always different events that took place on campus. Whether it was a bingo on Tuesday nights, or a band or comedian on Wednesday nights, there was always something to do during the week. Sometimes there was also a special theme weekend like Halloween weekend or March Madness weekend.

Social gatherings and events on campus make Bryant an easy way to socialize with friends and have a good time.

All of these things, plus a bunch more made freshman year a terrific year for all. Getting thrown into the pond on your birthday, reading *Jihad* vs. *McWorld*, or that awful business plan made memories for all freshman students at Bryant College.

Above Right: A group of freshmen wait around in the Rotunda for their next class to start. Hanging around the Rotunda was a popular place to meet friends.

Below Right: Freshmen Steve Vigliotti, Dave Miner, and Chris Companik watch one of the bands sponsored by SPB during the fall semester. The SPB band series was a good time on Wednesday nights being able to watch local bands like Missing Joe and Rane.

# LIFE & TIMES AS A SOPHOMORE

## STUDENTS ENTER WITH WET FEET

With a year of new experiences under our belt, we entered our sophomore year of college. We had the chance to apply everything we learned in our first year, both inside and outside the classroom. We entered confident and ready to strive for our goals.

Now that we had the chance to get our feet on the ground freshman year, it was now time to expand our horizons. We played sports like lacrosse and basketball, joined clubs like BOAC (Bryant Outdoor Activities Club) and SIFE (Students In Free Enterprise), and most of all, had fun and made friends.

Whatever path that we chose to walk on, we grew as individuals and as a class over the course of the 2001-2002 school year.

During SPB's March Madness weekend, casino dealer Mike Bauer works the craps tables for Britta Beckman while Becky Figueroa looks on. On Casnio Night, you were given \$30 worth of chips and a raffle ticket. For every \$10 extra by the end of the night, you were able to get another raffle ticket and a chance to win a DVD player, a TV set, or numerous other prizes.

These three girls walk to class on a winter morning. Only living in Hall 4, the walks to the Unistructure didn't seem that bad. Cold and rainy mornings were one reason why residents opted to live in a hall that was close to the Unistructure.

# LIFE & TIMES AS A JUNIOR

## REALITY STARTS SETTING IN

As the years pass here at Bryant College, time seems to go by faster and faster. The beginning of Junior year is great. Most of your core classes are done, and you finally get to start working on your major. Well, if you have declared one by then.

That big important day of turning 21 comes along for most of your friends this year, and is the cause of many celebrations. Spring Break is fantastic, and is the first time for most of us to go somewhere other than home. Once that eventful week ends, reality starts to hit... you are almost a Senior! It is at this point you decide that your resume isn't that great and you need to figure out what an internship is all about. The stress is unbelievable. Yet, on the other hand you are going to be a Senior! This means living in townhouses, and no more Salmonson! It is still a very strange feeling to know that at this time next year you will be ready to graduate and be on your way. Out to start a career, go to graduate school, and all those things that come after college

## UPPER VILLAGE

## TOWN- HOUSES

While spending their years here at Bryant, students from all across campus take time out to get involved not only with their school work but also with clubs and organizations, as well as just taking time out to hang with their friends. During that time they get the opportunity to form friendships, that in some cases last them their four years here and beyond.

Whether it's hanging out or "attempting" to be productive, Bryant Students try their best to have fun.

# FOUR YEARS OF TUITION

Congratulations, Class of 2002! We finally made it. Although it's been a long road, as we leave here we take many great memories with us. Our memories not only encompass the education we obtained, but also all the fun we had in the process. During our freshman year the football team was introduced to our community. As we became sophmores, we created memories in the suite village. Our junior year at Bryant we saw the addition of the annual Homecoming concert. and who can't forget the townhouse selection! All these memories and much more lead us to our final moments as Seniors. Some of the fondest memories include things like the Spring Break trips, off campus events, the Cornerstone and senior week. And as we walk through the Archway on May 18, 2002, many of us will be relieved to have made it through, however a part of us, will miss the fun we had, and the friends we've made along the way.

Above: Seniors at the Cornerstone

Center: Tony Gugliotta and Jordan Stark at the Cornerstone.

Right Top: Forging friendships at an early start, seniors come together to celebrate good time.

Right Middle: Girls from Hoey Hall (D5) gather, much like other seniors to celebrate the Big 21 in style!

Right Bottom: Even before they made their way to the townhouses, seniors show they know how to have fun, and survive and tight spaces.

### *Graduation's on a Mountaintop*

-By William Byrd. Sequenced by John Sankey

*Graduation's on a mountaintop.  
Rarely does one get a better view.  
All that is in front of me is new.  
Dreams fade into haze rather than stop.  
Underneath are queasiness and fear  
As familiar landscapes fall away.  
The price of moving on is just that gray  
Intensity that grips as new eyes near.  
On me for just this moment all is grace:  
Now I rest, and that sweet joy embrace.*

Bryant's new \$50 million dollar expansion plan, set for completion in December 2001. Still under construction, May 18, 2002.

(Right) Senior class committee chairs, Jess Stetson and Elena Fertitta, with the class fundraiser, the Duck Race at Parentes & Family weekend in 2001. Other Members of the senior class committee include: Maureen Barber, Andrew Bishop, Angela Gugliotta, Wendy Hildreth, Shannon Lavallee, Marilyn Radei, and Sarah Smith

What would you do if I sang out of tune  
 Would you stand up and walk out on me.  
 Lend me your ears and I'll sing you a song  
 And I'll try not to sing out of key.  
 Oh I get by with a little help from my friends  
 -Beatles, "Get by with a Little Help"

And so we talked all night about the rest of our lives Where we're gonna be when we turn 25 I keep thinking times will never change Keep on thinking things will always be the same But when we leave this year we won't be coming back No more hanging out cause we're on a different track And if you got something that you need to say You better say it right now cause you don't have another day Cause we're moving on and we can't slow down These memories are playing like a film without sound And I keep thinking of that night in June I didn't know much of love But it came too soon and there was me and you And then we got real blue Stay at home talking on the telephone We'd get so excited, we'd get so scared Laughing at ourselves thinking life's not fair And this is how it feels

As we go on, we remember All the times we had together And as our lives change, come whatever We will still be, friends forever So if we get the big jobs and we make the big money When we look back now, will our jokes still be funny? Will we still remember everything we learned in school? Still be trying to break every single rule Will little brainy Bobby be the stockbroker man? Can Heather find a job that won't interfere with her tan? I keep, I keep thinking that it's not goodbye Keep on thinking it's a time to fly And this is how it feels

Will we think about tomorrow like we think about now? Can we survive it out there? Can we make it somehow? I guess I thought that this would never end And suddenly it's like we're women and men Will the past be a shadow that will follow us round? Will these memories fade when I leave this town I keep, I keep thinking that it's not goodbye Keep on thinking it's a time to fly

# HALLOWEEN SENIOR STYLE

Who says Trick or Treating is just for kids? Definitely not this senior class. The class of 2002 is always looking for an excuse to have fun, and who doesn't love Halloween? Getting all dressed up and going around visiting friends all across campus. Thanks to WJMF and SPB there were plenty of events to attend, but more importantly, it's the Seniors' last chance to be kids, and they took full advantage of the situation. Whether it be GI Joe, Lady Marmalade, a doctor, a pumpkin, a cat or a devil, it's all up to the imagination, and the Senior Class knows how to do it in STYLE.

(Above Left) Friends gather, but not for "Trick-or-Treat'in" in the tradition sense. (Above Right) Our very own James Aikman, as a Giant Pumpkin? It's green beer, not green hair. (Below Right) Mary, Shannon and Rachel, before heading to the WJMF Halloween Dance Party.

# CORNERSTONE

The Cornerstone is home to many SPB activities as well as the happening place to be one thursday night a month for Senior Nights. Senior Nights are a way in which the senior class raises money for the Senior week activities, as well as time when seniors can get together to relax and have fun. The Cornerstone, is open on Senior night to those individuals 21 and older, and allows seniors, with the purchase of their senior mug, to get in for only \$2, and receive 75 cent drafts all night. Senior nights saw live entertainment from DJ Bryan Adams of WJMF, and our own DNR, which is composed of two seniors, Karen Neeves and Patrick Youngquist.

(L-R) Sara Ackerson, Teresa Zygm, Matty Radei, and Michelle Comeau, chatting it up.

# KICK OFF AT THE FI

Senior week started off with a bang for the Class of 2002. The kickoff started Tuesday night at the Fish Company in Providence, RI. This was the beginning of a long week of socializing and other extra circular activities, but also a time of reminiscing, and enjoying the company of dear friends until the wee-hours of the morning.

Above: The Fish Co. is a happening place to be as friends gather around with smiles from ear to ear. Below: The dance floor is crowded as friends gather to have a good time. Whether it be on top of the bar, or

dancing under the bubbles and the black light it's a great time for all.

# BBQ

With less than 24 hours left til graduation, the Seniors pig out at the Senior BBQ. Just a few steps from their front door, friends gather around to enjoy their last hours as undergraduates.

# SPIRIT OF BOSTON

The Spirit of Boston Cruise is a time for students to get away from campus, and enjoy the remaining time they have left as Seniors. Although the weather was breezy and cool, the sunset was gorgeous and the mood was just right to have a great time with your friends.

# SENIOR BALL

## The Westin Hotel in Providence

With the hours of their undergraduate careers dwindling, the seniors gather together for one last outing at the Westin Hotel in Providence. The Senior Ball is the last chance for the Class of 2002 to get all dressed up and enjoy their carefree lifestyles, for in 36 hours, they will be passing under the Archway and joining the real world. The Senior's wine and dine while enjoying thier friends as they say farewell to Bryant College.

Above: Who needs dates when you got great friends? (Left portion) The ladies of K2 have fun regardless!

# COUNTDOWN TO ZERO

## Bryant College Class of 2002

# A NIGHT ON THE TOWN:

To relieve the tension caused by classes, there are many things one can do at Bryant to unwind. From Homecoming Weekend to Spring Weekend, students always find a way to have fun. The entire campus by students is that occur on a night out with friends. However, not all the activities students partake in are all fun and games. The Festival of Lights and volunteering for the Special Olympics are two of the most popular and rewarding events Bryant students are involved with. No matter what events one participates in, they all create great memories of time spent at Bryant.

*Center:* The Beer Garden attracted a lot of attention from the over 21 crowd during Saturday afternoon of Spring Weekend.

*Right Top and Center:* Students listened as well as performed at WJMF's Battle of the Bands and MSU's Extravaganza.

*Bottom Right:* People will do anything for money at Dash for Dollars!

# No Limits

Homecoming weekend is the first major campus event of the school year. It allows the community to celebrate many things, including various sporting events like the return of the Bulldogs football team to their home field. This year this weekend coensided with Bryant's Alumni weekend. Many past Bryant students came back to help the present students have a good time. The weekend was kicked off with a concert put on by Dispatch and Dr. Arkward. Both bands were very impressed with the Bryant community's spirit. Tim Delaney, a member of Dr. Arkward said that, "Bryant is [their] best college so far... really good crowd." The energy expressed at the concert continued into the next day. Crowds of students and alumni filled the parking lots, tents and the stadium stands. On this warm fall weekend there was no limit to the craziness the entire Bryant community had.

# HOME COMING

*Above:* Bryant students enthusiastically watch Dispatch and Dr. Arkward perform

*Upper Middle Left:* A bonfire was lit to get the community ready for the upcoming weekend's events

*Bottom Left Corner:* Many residence took part in the barbeque held on the Bryant Center Commons.

Being away from home for many college students is one of the perks of going away to school. Yet, homesickness is a common disease among residents of Bryant. The Student Senate sponsors Parents and Family Weekend every year in order to cure this epidemic and give relatives a chance to see what Bryant College offers their loved ones who attend school here. Students can bring their parents to a theatrical performance put on by the Bryant Players, go to the Deans List awards breakfast, make a donation to their graduating class, or just sit somewhere on campus and catch up with one another. This visit with family helps Bryant College student to understand how valuable their families are, even if its just for a weekend.

# Family Values

# Rich with Spirit

For the members of the Bryant Community the festival of Lights is an important tradition in celebrating all religions and beliefs. After the events of September 11, this years celebration took on even more meaning than in the past. A solemn yet hopeful emotion swept over the Rotunda. Christian, Jewish and other religious speakers took the time to explain the reasons everyone should be thankful for the holiday season. The sense of community became even more bright as everyone lit each other's candles and headed to the Holiday tree placed in front to the Bryant Center. As everyone sang and huddled together with friends President Machtley lit the tree. It was definitely a night rich with holiday as well as community spirit.

# ...To The Max

Spring Weekend is the last time, before finals start, that Bryant students can go wild. With events starting Friday night and running through till Sunday there is never a dull moment during this last week in April. Busta Rhymes put on this year's concert. With his fast rapping, and larger than life stage presence he got everyone packed into the Mac movin'. After all that dancing, many people ventured over to the Pasta Pigout for something to eat. After a long night of excitement, students had Saturday's Field Events to wake-up to. The sun was out and everyone, whether they participated in the activities or just hungout with friends, had a great time. As night fell, karaoke in South attracted many want to be singers. Besides going to the planned events, some students took advantage of the great weather in their own way. Many played frisbee, volleyball, and wiffleball at various places around campus. Lots of people filled the townhouse court yard that night trying to extend Spring Weekend for as long as possible. The time spent with friends, games played and outdoor activities had many students living this year's Spring Weekend to the max.

# The Price of Beauty

For the second year in a row the Student Programing Broad held the Mr. Bryant contest. Male contestants compete in different catagories including formal wear, talent, and casual wear. This year Mike Bauer, Chris Companik, Kevin Gardner, Nate Gill, Mike Forgione, Thomas Major, Matthew Ramos, and Richard Ulman participated in this event. All of the participants did a great job of entertaining their audience. After making a very hard decision the elected name to be the second evr Mr. Bryant.

# Spending Time

There are all kind of events that go on in and around campus. Students get dressed up to go to semiformals, perform talent and strut their stuff at the Extravaganza, or just hang out in the commons with friends. Student activities are always going on and make for a more memorable time here at Bryant.

# EQUIPMENT COSTS: \$125

We train hard, lift, throw, run, kick, and lift some more, and in the morning we go to class. Still the next day in class we are nothing more than students. It's about pride. In ourselves, in our school. It's about our love and passion for the game. And when it's all over, when we walk that court or field for the last time, our hearts crumble. Those tears are real, but deep down inside, we are very proud of ourselves. We will forever be what few can claim: COLLEGE ATHLETES!

# MAKING THEIR MARK

The third year in the history of the Bryant Field Hockey program was a memorable one. The team's 10 wins marked the first time the program had achieved this many victories.. The team's impressive first half of the season earned the program's first appearance in the Division II national rankings as the 10th ranked team on October 1st.

Seniors, Kate Livingston and Michelle Goodfellow became the last members of the Bryant's previous club program to complete their careers as varsity athletes and both did so in style...

Goodfellow completed the season as a two-time All Northeast-10 Conference selection. Michelle rebounded from reconstructive knee surgery as a junior to reclaim her spot as one of the Conference's most respected defenders. Her contribution to the team was even evident in the year, when she was forced to be sidelined because of

surgery, as she was named the team's Bulldog award winner in 2000.

Kate Livingston battled illness all season long, but ended her career as she began it with a goal that will go down in the history books of Bryant Field Hockey. Three years ago she scored the first game winning goal in Bryant Field Hockey history, and this season, on Senior Day, her second half goal was also the game winner. The win earned the team a tie for third place in the NE-10 and their first home playoff game.

Katie and Michelle joined last year's seniors as five women whose dedication and sacrifice left an indelible mark on the foundation of the Bryant Field Hockey program.

# TEARING UP THE TRAILS

WRITTEN BY: VINCENT PIARULLI

This year, the men's cross country team was very successful under head coach Amy Laughlin. The men's team started off with Senior co-captain Jason Eddy finishing 2nd in the first meet of the season. He was named NE-10 Runner of the Week three out of the first four weeks of the season. He continued his dominance with two consecutive 1st place finishes at the St Anselm and RIC Invitational. Jason finished 9th at the NE-10 Conference Championship giving him the honor of first team all-conference. He was also awarded NE-10 Scholar Athlete of the Year after four consecutive 4.0 semesters.

Named Co-Captain of the team Senior Vincent Piarulli was honored by his teammates. Vinny had a season marked with a personal best in the 10K at the New England Regional meet with a time of 38:00. His leadership to the team was invaluable and he will be missed.

Senior Rick Lucian had his strongest season earning a place as Bryant's 7th man in the New England Regional meet. Rick showed his experience by capping his career off with a 1st place finish on the sub-Varsity team at the New England Championships running a personal best of 31:35. Lucian set personal records in both the 8K and 10K events.

The team is losing three strong senior leaders. But, the team is young and shows promise for the future.

Sophomores Andrew Melfi, Adam Greenspan, and Nick Ward stepped up at the conference meet giving Bryant the edge over rival schools St. Michaels, LeMoyne and Assumption. Andrew proved to be a strong second man for the Bulldogs in his second year, crushing his personal best by over a minute and finishing 11th overall in the RIC Invitational. Nick and Adam also show promising futures. Running through plaguing injuries, setting personal records and helping the team to a 6th place finish at the Conference Championship sophomores Nick and Adam will be runners to look out for next season. Sophomore Randy Strauch also showed that he has what it takes to be effective. Randy ran a personal best by over two minutes and finished 5th on the team at the RIC Invitational.

The Bulldogs recruiting seemed to pay off with top performances by Peter Melillo and Matthew Van Kleeck. Peter came into the season as Bryant's 4th man, showing that experience does not mean everything. Matt made the adjustment to college with a 4th place finish on the team at the St. Michael's Invitational and consistently finishing in the top seven on the team. Injuries plagued the team as the season went on removing sophomore Sam Patterson and freshman Dan Giacalone.

Overall the season was very successful and the team looks forward to a bright future.

# TAKING IT TO THE HOOP

The Men's Basketball team headed into the 2001-2002 season under new leadership. Head Coach Max Good came to Bryant College in April of 2001 from the University of Nevada-Las Vegas. Coach Good's experience proved valuable on the court this season as teamwork increased and defense became a key advantage. The team says goodbye to two seniors this year. Doug Schumann will leave Bryant with a career total of 296 rebounds while Chinedu Onyejwu holds a very commendable career total of 954 points. The two seniors contributed tough defense and quick offense to the team and will be hard to replace. Coach Good is expecting the men to step up and capitalize next season using their young talent as an advantage.

# SERVING UP THE WIN!!!

The women's volleyball team finished the 2001 regular season with a 30-10 record. The women have made Bryant College proud. As Head Coach Theresa Garlacy states "The 2001 Season was exceptional not only in our performance on the court but also in the attitudes of the players. We had a complete team effort and the women continually strived for

higher goals." The team created a long list of accomplishments this season. Bryant advanced to the NE-10 Championship Match after defeating UMASS Lowell and American

International. They were also invited to the NCAA Division II Championship Tournament for the third consecutive year holding the No. 4 seed. The women took on New York Tech in the first round and defeated them 3-1 but fell to No. 1 ranked Mercy in the next round. ## ONE FOR THE BOOKS

Trapping a long pass Midfielder Allison Kelly advances up the field into Merrimack territory.

The 2002 Women's Soccer season proved to be the best in its 23 year program history at Bryant. The team finished with a 12-6 record in the regular season. The team's dedication and hardwork paid off when they recieved an invitation to the NCAA Tournament. Bryant was one of 24 teams to participate in the NCAA Tournament. Bryant faced Merrimack (ranked 13) in the first round. The Bulldogs battled through the game holding the lead for a vast majority of the game. Goals from Michele Brunjes and Christine Kalukiewicz put the Bulldogs on the board with a 2-1 lead and holding in until the 37th minute of the second half. The game remained tied 2-2 and forced both teams into two overtime sessions. The girl's showed great heart and determination but ultimately fell to the Warriors with a final score of 2-3. The girl's have set a new standard for women's soccer. With Head Coach Flint named NE-10 Conference Coach of the Year and young players such as Allison Kelley being named First Team All New England the team has great potential for the future.

# A NEW BEGINNING

The spring of 2002 marked the historic first season for Bryant College Women's Lacrosse. The goal of this team was to be immediately competitive in the NE-10 Conference. After a tough first game in miserable conditions against Adelphi, the team bounced back the next day led by senior co-captains Meaghan Leonard and Stephanie Tobey to post the first varsity and conference win in the short history of the program. The first Bryant goal was scored most appropriately by Meaghan Leonard. This very athletic group more than met their goal, finishing 6-9 in their first season with memorable overtime wins at home against New Haven and Franklin Pierce. We would like to thank Meaghan and Stephanie who made a sacrifice, not many others

would make in the spring of their senior year, in making a commitment to our team and building the foundation of success for this program for many years to come! The first Bulldog Award winner for our program set the standard for which a leader and the consummate team player on our team will be measured—Meaghan Leonard. Meaghan and Stephanie, on behalf of our team thank you and best of luck in your future endeavors—we will miss you!

# TAKING THE TITLE

Bryant's Men's Lacrosse team capitalized on the 2002 season. The team ended the season with only six losses to their record. The dedication that is given by the coaches and team members proved beneficial when the men crushed Saint Michael's scoring 19 goals. The 19-4 win paved the Bulldog's way into the NE-10 SemiFinals. Facing Saint Anselm in the semifinals in Syracuse, N.Y. the team came through with a 14-3 win and moved on to face Le Moyne in the NE-10 Championship game. The game was intense. The men put forth their best efforts and gave Le Moyne a tough battle but the Bulldogs fell in the end 11-17. Although the loss was a minor setback the team quickly prepared for their next challenge; the ECAC Championship. May 12th marked a day of revenge for the team. The ECAC Championship game played against West Chester gave the men a homefield advantage. Bulldog stadium was filled with anxious fans determined to cheer their team to victory. The game bounced back and forth between the teams. At the end of the first half the score read 5-4 in favor of West Chester. Taking the field after half time marked trouble for West Chester. Greg Horowitz turned up the defense while attackman Kevin Barletta regained the goal-advantage. The Bulldogs came out on top with a 10-7 win taking home the ECAC Division II Title and putting an end to the Men's Lacrosse team's third varsity intercollegiate lacrosse season with a 12-6 record.

# A GRAND SLAM

The most successful baseball season in history was recorded in the books for the 2002 season. Bryant's Men's Baseball team overcame adversity and ended the season with a 35-22 record. The team entered the NCAA Tournament with its first game being against UMASS Lowell. The team fell to UMass Lowell 6-14 but regained a win by defeating Dowling 3-2 the next game. Although the Bulldogs were eliminated from the tournament by UMASS Lowell on May 18th the baseball team played a record winning season. Junior Jeff Renga was also named to the ABCA/NCAA Division II All-American first team while Pitcher Doug Johnson was chosen by the Colorado Rockies in the fifth round of the 2002 Major League Baseball First-Year Player draft.

# STEPPING TO THE PLATE

The women's softball team set a Bryant College record during the spring season. Leading the team in pitching sophomore Nicole Keene defeated her own school record of a 82 strikes to 84 strikes on the season. The team through hours of endless practice came out of the season with an invitation to the ECAC Division II tournament. While the team fell to Pace they should be proud to be the first Bryant softball team invited to the tournament since 1994. After eight years the team entered the tournament with a 22-22-1 record.

Waiting for the incoming pitch Nadine Reddy (#15) readies herself into the stance needed for the planned bunt. Nadine is both a pitcher and outfielder for the Bulldogs.

# RACING AHEAD

The Men's and Women's Indoor/Outdoor track team consisted of many of the same teammates which raised the level of sportsmanship. The sport consisting of both track and field events compete both on the individual and team level. The numerous hours of training in the weight room, running the course and sprinting on the track created not only numbers in the winning column but also in lasting relationships. The success of these teams was due to individual drive and dedication.

## TOP TEN REASONS WE WENT TO BRYANT COLLEGE

20. 'Cause a wink and a wave will get you on Campus.
9. 'Cause they promised all seniors would have townhouses.
8. 'Cause we thought the new buildings would be done before 2010.
7. 'Cause our favorite part of driving is parking.
6. 'Cause you're guaranteed a decent meal during a strike.
5. 'Cause you list "group projects" amongst your favorite hobbies.
4. 'Cause 31% of Bryant Students consumed 4 drinks or more last time they drank.
3. 'Cause you can find more girls in a gay bar... and better looking guys too.
2. 'Cause goose poop looks great on a new pair of shoes.
1. 'Cause we had nothing better to do with \$100,000.

**CONGRATULATIONS  
TO THE  
CLASS OF 2002**

Amber Skies await you  
Near hills that rise so high  
Dreams will let you travel  
On wings that let you fly.

Knowledge is the center  
Of strength within your heart  
It brings us all together  
It's here where you must start.

Treasures wait for those who know  
A thousand wonders yet to show  
A drama set, the world your stage  
A major book, yet just a page.

The path you chose dictates your role  
There's many parts to make a whole  
Know the way you travel strong  
Just take a step, you won't go wrong.

Congratulations Jackie!  
You are the daughter that most  
parents dream of. Lucky for us God  
delivered that dream to our door.  
Your strength and heart are an  
inspiration. Your intelligence and  
beauty are splendid. May your

Jackie- Enjoy your accomplishments.  
You have completed a great task.  
Our everlasting bond will keep us  
together in laughter and tears in love  
and loss. You are my one and only  
sister that I cherish forever. Thank  
you for going before me and being  
beside me. All my love  
Lauren

To my sister on her graduation.....

Old memories are a movie starring you. Much of me is shaped by our relation,  
years and years of watching what you do.  
So like two trees upon a meadow, interplaying with the rain and sun,  
shaped by the earth thru light and shadow the growth of two is the growth of one.  
Even as we struggle for our own light, remember how we shared the dreams at  
night.

There isn't much I haven't shared  
 With you along the road  
 And through it all there'd always be  
 Tomorrow's episode  
 Suddenly that isn't true  
 There's another avenue  
 Beckoning the great divide  
 Ask no questions, take no side  
 Who's to say who's right or wrong  
 Whose course is braver run  
 Still we are, have always been  
 Will ever be, ask one

What is done has been done for the best  
 Though the mist in my eyes might  
 suggest  
 Just a little confusion about what I'll lose  
 But if I started over I know I would  
 choose  
 The same joy the same sadness each step  
 of the way  
 That fought me and taught me that  
 friends never say  
 Never say goodbye  
 Never say goodbye  
 Never say goodbye  
 Never say goodbye

To All my Friends:  
 Good Luck, and remember..  
 Friends never say Goodbye  
 -SHL '02

Suddenly that isn't true  
 There's another avenue  
 Beckoning, the great divide  
 I would choose  
 The same joy the same sadness each step of the way  
 That fought me and taught me that friends never say  
 Never say goodbye  
 Never say goodbye  
 Never say goodbye  
 Never say goodbye

## STUDENT CHARGE -COURTNEY ZULLO

We all have mixed feelings about sitting here today. You might be sad that you are leaving behind your friends, your security, and your responsibility-free lifestyle. Mixed with the feelings of sadness might also be the excitement of finishing this chapter of life and beginning a new one. But I know another feeling that many of you have is that of relief. For most of us, there will be no more papers to write, tests to cram for, or notes to drool on. Our 16 years of schooling are over and, no, they won't and *can't* make us learn any more.

The professors won't be standing in your cubicle or sitting on your office desk lecturing. They won't be telling you how it is or how it will be when you get into the "real" world. We are the "real" world now, and it is our turn to decide its future. No one is going to "require" you to read a book or scholarly article. You will not be graded on how well you take multiple-choice tests or write an essay in 30 minutes. From this day onward, no one will pressure you to learn about or hear things you do not want to. You can shut off the evening news, refuse to read the newspaper, or put down the book. Isolation from the surrounding world is always a viable option.

Now it is up to us.

This is my challenge to you, the class of 2002.

Continue to learn. Just because this date formally marks the end of your structured education, don't stop expanding your mind. It is easy to slip into your own daily routine, put your blinders on, and forget about what is going on in the world.

Our professors prepared us not only for our future careers in business, but they also challenged us to *think*. When I first came to this school, I had no idea what I was going to concentrate in. I began with Management, then on to Finance, and switched to Marketing for three whole days. Finally, I made the decision to make the most of my four years here and chose to focus on both English and Communication.

Thankfully, I was able to take advantage of the liberal arts program at Bryant College and gear my education toward what was right for me. Understanding that I am unlike most of the business-oriented students here, I am glad I made this decision. My professors challenged me to rethink and reevaluate my beliefs. Many times, I discovered that my ideas were not based in anything other than stereotypes and assumptions. Had I ignored my professors, I would be a very different person than the one who stands before you today.

Be curious. Talk to the person who looks a little different than you. Find out where he or she comes from and what he or she had to do to get here. Be curious not because it will further you in business, but rather because it will help you to understand the way of the world.

Ask lots of questions. It takes humility to accept that you do not know it all, but at least you are willing to learn. Don't be afraid to let your imagination stray from the norm. Take time out to read books. Don't just read the best selling authors; read books by people from other countries like India, Bosnia, or Afghanistan. The more you read, the more you will understand the world and be capable of making better judgments.

For me, my expectation of what college was going to do for me four years ago is very different than what I think it actually did. College is not about landing a job after graduation—it is about shaping individuals. College allows us to put tough issues in an open forum where we can debate them and reevaluate our thinking. The most valuable thing we can take away from our four years here is not our earning potential; it is our ability to think for ourselves.

In a couple of years, we might all still be very thankful that we are not studying for tests, doing group projects, or reading books that are assigned and not chosen. But do not let that stop you from wanting to learn. Don't let your daily stresses stifle your curiosity. Listen to those around you. Challenge ignorance. The more you take in from others, the more you will learn about yourself and the stronger your values will become. In the words of Socrates, "the unexamined life is not worth living."

Congratulations to the class of 2002.

It may have been only 40 degrees and raining, but the Class of 2002, still walked under the archway, and sat in the freezing tent, waiting in anticipation on May 18, 2002. All 656 of them. Over their years at Bryant, they had battled far worse than a little rain and wind. Through midterms, group projects, papers and finals, the Class of 2002 had finally made it through, and it was their day to shine.

# CLOSING

How do I say goodbye to what we had?  
The good times that made us laugh  
Outweigh the bad. I thought we'd get to  
see forever But forever's gone away  
It's so hard to say goodbye to yesterday.  
I don't know where this road  
Is going to lead.

All I know is where we've been  
And what we've been through.  
If we get to see tomorrow  
I hope it's worth all the wait  
It's so hard to say goodbye to yesterday.  
And I'll take with me the memories  
To be my sunshine after the rain  
It's so hard to say goodbye to yesterday.  
-Boyz II Men

# LETTER FROM THE EDITOR

To the Class of 2002 and the Bryant College Community;

For the Bryant College Community: "The future belongs to those who believe in the beauty of their dreams," (Eleanor Roosevelt). For the undergraduates, there words signify everything you came here to accomplish. Do what you love to do, be who you want to be, and most importantly get involved. If I can leave you with one piece of advice, its don't let any opportunity pass you by. Whether you get involved in athletics, academic clubs, or special interest, do it. Take every chance you can to get to know people, and stand out in the spot light, you will not regret it.

For the faculty and staff at Bryant College, Thank you. Not only from me, but also from everyone. It seems to often that your contributions get over look, but don't worry we notice you. Whether it be staying after hours, your time contributed to our clubs, or just showing up at Homecoming or Spring weekend, we know you are there, and we thank you for caring. I would personally like to thank the Office of Residence Life, for their caring and extra effort contributed day and after day to

keep Bryant College safe, and for taking a chance on me, the Office of Admission, for letting me spread my wings, and to give me a chance to get to know so many new people, the Office of Career Services, who always pushed myself, and my fellow classmates to strive for the best, and helped us to "Grow Up," and there are two special people that truly helped me, and helped to mold me into who I am. I would like to thank Professor Ken Sousa and Professor Julia Gladstone, who always were taking the extra time out for me, and for inspiring me to be who I am, without them I couldn't be where I am today. Lastly, I would like to thank all the parents, they may not be part of our daily lives here, however, they are part of the community. Without them, we wouldn't have the opportunity to go to college, and without their spirit and hard work, we wouldn't have all the remarkable people we have here today.

And lastly For the Class of 2002, Congratulations! We made it. We weathered the storm, literally. It was a whirlwind four years that brought us here, and although it went by for many too fast, remember that; "the Best Thing about the future is it only comes one day at a time," (Abraham Lincoln). For many of us, as we walked through the archway, we left behind, our childhood, our fun years, our irresponsibility, and instead began to embrace change, prosperity, and our future. When you look back at this book, I hope you remember not only your last year, but also all your time here. From our first weekend here doing community service, to life in the freshman halls, to Salmanson, to all the Homecoming and Spring Weekends. Within that there are more experiences and more lessons learned than what we learned in the classroom. The friendships forged here, will not be forgotten. I wish you all the best of luck, and encourage you to keep in touch with your alma mater, because although you may not realize it now, the education you received here, is Priceless.

In closing I would like to thank my staff, who helped to rebuild this book from the bottom up, and put in countless hours at my mercy, our advisor, Hank Parkinson, who helped lead this staff and this book into the future, and the Bryant College community as a whole for their help and encouragement with the creation of this book.

Congratulations and Good Luck,

Shannon H. Lavallee '02
